

The Fiberglass Home Heating Oil Tank

The fiberglass tank that simply will never leak!

the safer tank™

The 'peace of mind' storage tanks...

Vilco fiberglass tanks are available in many designs (double & single wall), all backed by a 30 year warranty.

In the double wall tank, a visual sight glass lets you inspect the integrity of your double wall storage tank at any time.

A new generation of reliability...

Quality Design

- Vilco tanks are manufactured with state of the art technology using 100% fiberglass and UV and fire resistant resins to ensure maximum safe storage of fuel oil.
- Tanks meet the strictest safety standards. All Vilco tanks are corrosion proof inside and out, making them the safest and most reliable in the marketplace.
- Convenient side or top feed.
- All tanks come with fiberglass saddle stands for better stability.
- Tanks are weatherproof and lightweight for easy outdoor or indoor installations. No added weather protection or cover required. Wide-grip fiberglass handles are built in on each end making for safe and easy handling.
- Double wall tanks come with a factory installed, highly visible sight glass for easy visual monitoring.

Quality Controlled

- Every tank is factory tested to ensure superior quality.
- Tanks come with a 30 year limited warranty against leaks caused by corrosion.
- Vilco LTD Home Heating Oil Tanks are UL listed under EFNI (Oil Burner Tanks, Non-metallic—Testing Subject 2258).
